## OBJECTIVE

---

Motivated and detail-oriented developer with hands-on experience in **Django** projects, skilled in **Python, Flask, REST API, PostgreSQL, SQL, and Next.js**. Seeking an opportunity to contribute to full-stack web development by building secure backends and responsive frontends that enhance user experience.

## PROJECTS

---

### 1. Online Movie Streaming Platform

- Developed a full-stack movie streaming platform using Django, HTML, CSS, JavaScript, and Bootstrap. Integrated secure payment functionality using Razorpay API for subscription-based access. Deployed the application on Render, ensuring a seamless streaming experience with responsive UI design.

### 2. Online Mobile Selling Store (E-Commerce)

- Created an e-commerce platform for mobile products using Django and Bootstrap, featuring user authentication, product listing, and shopping cart functionality. Deployed using Docker for containerized application management.

### 3. Blog Web Application

- Developed a dynamic blog application using Django and JavaScript to manage and publish content efficiently. Implemented a CI/CD pipeline with Docker and Jenkins to automate testing, building, and deployment processes. Utilized AI-assisted development tools such as Cursor AI to improve code quality and productivity.

### 4. Hospital Management

- Developed a web-based hospital management system with Next.js frontend and Django REST Framework backend. Integrated PostgreSQL for secure data storage and implemented role-based access for admins, doctors, and patients to streamline appointments, records, and doctor-patient interactions.

## SKILLS

---

- **Frontend:** HTML, CSS, JavaScript, Next.js, WordPress
- **Backend Development:** Django, RESTful API, Flask, PHP
- **Programming Languages:** Python, Java
- **WordPress :** Elementor, Themes, Plugins, Dashboard
- **Databases:** SQLite, PostgreSQL, MongoDB
- **DevOps & Tools:** GitHub, Jenkins CI/CD, Docker

## EDUCATION

---

Master of Computer Applications	Idukki, Kerala, India
Marian College Kuttikanam	2024-2026
Present	
Bachelor of Computer Applications	Idukki, Kerala, India
St Antony's College Peruvanthanam	2020-2023
63%	

## CERTIFICATIONS

---

• Data Analysis with Python By IBM	August 2024
• Machine Learning with Python By IBM	March 2025
• RedHat System Administration (rh134)	
• SQL and Relational Databases 101	July 2025

## ACHIEVEMENTS

---

- Coordinated an industrial visit for 56 students and managed the entire day activities.
- Managed IoT product development projects, guiding all students from hardware selection to successful prototype completion.

## LANGUAGES

---

- **English:** Working Proficiency
- **Tamil:** Native Language
- **Malayalam:** Native Language
